Professional Summary

Currently, my professional career is focused on composing music for audiovisual media. I possess extensive knowledge of music theory, composition, musical arrangements, and orchestration. I am also a professional performer on instruments such as the electric guitar, acoustic guitar, and flute. In addition to composition and performance, I undertake music production work, including recording, mixing, and mastering. I am capable of working in a team and adapting to the needs of each project to create unique and high-quality soundtracks.

Hobbies and Interests

In my free time, I have several hobbies that allow me to relax and enjoy different activities. I love playing video games, especially those of genres like, RPG, adventure, metroidvania, and strategy, where I can explore new worlds and challenge myself.

I also enjoy reading adventure, fantasy, and science fiction books, as they give me the opportunity to immerse myself in exciting stories and let my imagination soar.

Moreover, organic farming fascinates me. It allows me to eat in a healthier way, and it also helps me disconnect and relax
